

# SW-2.1 300 II

## 3-piece Speaker System

The SW-2.1 300 II is a 3-piece 2.1 channel speaker system that delivers crisp highs and deep lows. This system is designed to provide superior audio performance for computers, mobile phones, MP3 players, and other portable devices. You will experience astonishing bass while keep, playing games, or listening to music. It also features an integrated in-line control pod for volume adjustment, as well as headphone and microphone jacks.

### Convenient control pod

Easily access speaker controls like volume, headphone jack, and microphone jack using the wired control pod.

\*Headset not included

### 3.5mm Audio Devices

The 3.5mm audio jack is easy to use and works with most devices like tablets, smartphones, laptops, PCs, and MP3 players.
