

TIOGA

MYTHIC PERFORMANCE LEVEL

Description:

Inspired by the crystal-clear glacial waters of Tioga Lake, the Tioga model is the latest in the Mythic Performance Level Purity Collection, showcasing the pinnacle of GUNNAR engineering and the finest optical materials available.

This modern round-shaped frame is crafted from a unique blend of acetate and carbon fiber-reinforced wood, available in stunning Maroon Rosewood or Gray Crystal Walnut finishes. Each pair is built around GUNNAR's patented technology, featuring premium mineral glass lenses.

These mineral glass lenses, used in high-end cameras and telescopes, offer exceptional scratch and shatter resistance, ensuring durability without compromising on optical clarity.

Choose from two advanced lens options: the GUNNAR-Focus with 65 GBLF Amber protection for enhanced visual comfort, or the new 20 GBLF Clear Pro for unparalleled fidelity and color rendition. Experience superior performance and style with Tioga, where cutting-edge technology meets sophisticated design.

WIDTH: 133/Medium

GLASSES SPECIFICATIONS

Lens Width: 49 mm | Nose: 22 mm | Temple: 145 mm | 1.31 ounces (without packaging)

CASE SPECIFICATIONS

Dimensions: 15 x 13 x 8 | Configuration: 24 pack | Weight: 12 lbs

MSRP: \$250

KEY FEATURES

- Crafted from high-quality Italian acetate and lightweight carbon fiber strengthened wood sourced from natural elements
- Distortion-free and scratch-resistant mineral glass lens material
- Modern round shape
- Flexible spring hinges
- GUNNAR patented lens technology
- G-Shield® Premium Plus lens coating
- Blocks harmful blue light and 100% UV
- Not available in prescription

INCLUDED WITH PURCHASE

- Mythic-level Glasses Case
- Microfiber pouch
- Microfiber Cleaning Cloth
- 24-month warranty
